

EWM Peripheral Access  
Layer

EWM Register Masks

```
graph RL; A[EWM Register Masks] --> B[EWM Peripheral Access Layer];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The box on the right is shaded gray and contains the text 'EWM Register Masks'. The box on the left is white and contains the text 'EWM Peripheral Access Layer'. A black arrow points from the right box to the left box.
